Icwind dale 2 enable cheats

Icwind Dale 2 Cheatmode: ----- Submitted by: conner54 Enable Cheat Console: ----- Enable the cheat console using the Icwind Dale configuration program, then press [CTRL] + [TAB] in-game to open the console and type one of the following commands: Code Result ----- ctrlaldelete:hans() - Teleport selected members to the pointer ctrlaldelete:midas() - Gives the party 500 gold pieces ctrlaldelete:addgold(#) - Gives the party # amount of gold pieces ctrlaldelete:exploreaea() - Reveals the whole map for current area ctrlaldelete:setcurrentxp(#) - Set XP of selected members to # points ctrlaldelete:setchapter(#) - Set current chapter to #. Prologue is chapter 0 Other values are Chapter 1 thru 6 ctrlaldelete:movetoarea(x) - Load the area number given. For area names see the data directory of CD2. Note: the name has to be enclosed in quotes Example: ctrlaldelete:movetoarea("AR6300") ctrlaldelete:createitem(x,#) - Create quantity # of item x. Example: ctrlaldelete:createitem("00BOLT01", 10) ctrlaldelete:adddspell(x) - The person where the mouse cursor is currently over memorizes spell X and it gets added to the spellbook. ctrlaldelete:setglobal(x,Y,#) - Set global variable to a certain value x is the name of the variable y is either LOCAL, GLOBAL or an area name (AR###) # is the number to set the variable too Example: ctrlaldelete:setglobal("VARIABLE", "GLOBAL", 1) ctrlaldelete:setglobal(x,Y) - Check the current status of a variable x is the name of the variable y is either LOCAL, GLOBAL, or an area name (AR###) ctrlaldelete:fristaid() - Supposed to give you potions and scrolls, but appears broken. ctrlaldelete:jeffkdefends() - Supposed to summon a monster to defend you, but appears broken. ctrlaldelete:jeffkattacks() - Supposed to summon a monster to attack you, but appears broken. ctrlaldelete:enablecheatkeys() - Enables cheatkeys during gameplay; CTRL + A - Scroll through available character sequences with the CTRL + C - Replay chapter introduction CTRL + S Selected character. Use A and S to browse back and forth CTRL + F - Turn selected character around its axis CTRL + M - Debug dump with area information CTRL + J - Teleport party to mouse cursor CTRL + Y - Kill current selected unit CTRL + K - Kill selected monster or remove PC from party CTRL + R - Heal selected character or portrait CTRL + U - Receive free XP CTRL + X - Give current mouse position + search square CTRL + 1 - Cycle through armor levels CTRL + 2 - Fade screen to dark CTRL + 3 - Fade screen to light CTRL + 4 - Display trigger polygons CTRL + 6 - Make your current selected character transform into CTRL + 7 - The next one. Use 6 and 7 to browse back and forth between all available in-game characters CTRL + 9 - Display character bounding boxes Get bonus merchants: ----- Enable cheat console, then press Ctrl+Tab, then enter: ctrlaldelete:setglobal("IW2D_BONUS_PACK","GLOBAL",1) The bonus merchants will now appear Goodmoney: ----- Have a file with a really tough guy that has good items then export him. Start a new file and export your new person. Go to the character stats then delete him. Dont worry he will not be there ever again, then import the really tough guy take his stuff on to another chatacter, then delete and import your new guy and take the tough guys stuff and repete the step. Items and money hint: ----- If you already have a file that is pretty far into the game then you EXPORT ALL YOUR CHARACTERS!! You can start a new file but you MUST export them as well. After you exported your new people go to the face wich says modify characters then delete only 1 of your characters import 1 of the other characters that is from your good file. Item names: ----- Submitted by: Andreas Otto Use one of the following entries with the ctrlaldelete:createitem("xxxxx") code. Note: Only some items can be spawned in quantities of greater than one. Item Name ----- Belt Of Bluntness 00BELT03 Belt Of Piercing 00BELT04 Belt Of Beautification 00BELT05 Boots Of The North 00BOOT03 Boots Of Avoidance 00BOOT04 Boots Of Grounding 00BOOT05 Boots Of
